MOR OF 5000 BATTERS DOWN DOORS OF JAIL

Three Negroes Hanged Despite Their Pleas of Innocence of Wrongdoing

PLEAS OF PRIESTS HOOTED BY CROWD

Rope Breaks Two Times as First Victim Goes to His Death

SOUTH BEND, Ind., June 16.—Negroes employed by the same circus as the three who were lynched in Duluth last night following an attack on a white girl, attempted to assault Helen Penrod, of South Bend, when the show was in this city June 7. The assaults of the South Bend girl escaped being hidden by companions, the police said here today.

DULUTH, Minn., June 16.—Virtually normal conditions prevailed today on the Duluth business streets after a mob of 5,000 persons forced last night, sweeping the police from power and seizing and lynching three negroes held in connection with an attack on a 17-year-old white girl.

The 124 men and six officers went into temporary camps preparing to patrol the streets.

Police Overpowered.
Last night lynchings were accomplished after the city's police had been overpowered by bricks and streams from fire hose in an attack on police headquarters on the principal thoroughfare. For at least two hours the mob, armed with clubs and stones, kept up a running fight with the police.

The three "convicted" negroes were hanged within a block and a half of the police station, the mob hooting down pleas of two priests that the law be permitted to take its course. It took three starts to hang the first negro, as the rope broke the first two times.

After the mob had dispersed, the police cut down the bodies of the negroes, which had not been mutilated. The authorities did not expect any further trouble today.

An investigation of the action of the mob will be made, it was understood today.

GERMANS CONFIDENT OF FUTURE WITH HARDING

BERLIN, June 15.—Germany has nothing to fear from the nomination of Warren G. Harding as the Republican candidate for the presidency of the United States, says the Boersen Zeitung.

"Nothing hitherto," the newspaper declares, "warrants apprehension that relations with Germany which have been initiated by American commercial and financial interests will be hampered and on the contrary it is probable that they will be furthered. The character of American diplomatic relations with other nations has of late been generally different from American commercial relations. The American business man has emancipated himself more thoroughly than those of other nations from government and politics. He does business wherever business offers. American foreign policies have always been chiefly party policies and they remain so under Mr. Harding or anybody else."

Wheeler, general counsel for the Anti-Saloon League, declared today in a formal statement.

Resolution Lost.

"The resolutions committee at Chicago," said Mr. Wheeler, "adopted a law enforcement plank and lost it between the committee room and the convention. Mr. Bryan will act as a bodyguard for it if it is adopted by the resolutions committee at San Francisco."

Mr. Wheeler said Governor Cox was "the last hope of the vets in their fight for nullification," and that his "record makes him an impossibility if national prohibition is to be effectively sustained and enforced."

Harding Is Busy.

WASHINGTON, June 16.—Senator Warren G. Harding, the Republican presidential nominee, today hoped to make rapid progress in cleaning up an accumulation of mail and senatorial work in preparation for his departure from Washington within a few days for a vacation of two weeks or more.

Will Compose Speech.

The Republican candidate has not yet determined where he will spend his rest period, but since he plans to devote part of his time to his speech of acceptance he intends to select a quiet place. In making a selection he will be sure that there is a convenient golf course.

Many requests to speak have reached the senator from all parts of the country, but for the present, at least, he will decline all such invitations.

Senator Harding today sent the following letter to Major General Wood in reply to the latter's telegram of congratulation:

Reply to Wood.

"I do not know quite how to express my feelings in dictating an acknowledgment to one who was a confederator for the distinction which came to me. Perhaps I shall express myself sufficiently if I say that had the distinction come to you instead of me, I would have found very great pleasure and satisfaction in conveying to you a very cordial message of felicitation and good wishes."

"I know that we are both interested in the same great good to our common country and I am confident that you will be very deeply interested in bringing about a restoration of a Republican party administration in Washington."

The executive council was instructed to investigate the desirability of forming an international union of building service employees of America, to include all workers known as janitors, laundresses, scrub women, window washers and watchmen.

The convention adopted a resolution urging the Panama canal commission to employ only American citizens in the operations and mechanical departments of the canal zone.

The convention rejected a resolution that would have established a legal department to serve as clearing house for the defense of "all labor organizations against whom the use of the injunction is directed in the course of a legitimate trade union activities."

The plan proposed by E. L. Edgerton, of Schenectady, N. Y., to have organized labor watchmen in employments and business interests of the country a "voluntary arbitration body" to "settle labor's grievances in the future" was rejected. The federation instructed its executive council to take such steps as necessary to support organized labor in Kansas, Nebraska and Colorado in "fighting anti-strike legislation to a finish."
